

**WORK EXPERIENCE**

Date: 20 June 2015

This is to certify that Sujeet Aynjas has worked as architect/interior designer in our organization from June 2014 to June 2015 on several projects. He has joined us as trainee. He has worked in a rigorous ever increasingly competitive environment of our firm and worked not as individual but team as a whole. His key-skills include Autodesk Autocad, Autodesk Revit architecture, Autodesk 3dsmax, Autodesk Maya, Google Sketchup, Adobe Photoshop, MS Office, MS Project, Adobe InDesign, Adobe Illustrator, QuarkXpress, Rhino, Adobe Flash, Adobe PageMaker and so on and so forth as per the requirement and scope of the work. His CTC is 3.0 lac per annum. He has excellent communication and presentation skills with relevant certifications, work experience and relevant academic background.

The work includes taking into account the urban context, design parameters, and functional, technical, structural, economical requirements and cooperating with other building professionals to bring design to the stage where it can be constructed presenting thereby the design in a full set of drawings with all the necessary documentation including detail and construction drawings, 1:50 to 1:1, and accompanying specifications in text, coordination of the input of the other members of the design team and integrate their information to produce a viable solution, preparation and coordination of the production drawings during the building stage, setting up a detailed area-by-area specification in the form of a room schedule to serve as a basis for a description of materials, duties and programme of works, setting up a detailed specification in the form of a bill of materials, production of scale models of details and prototypes, inspection and approval of design drawings produced by organizations outside the design team, testing that they accord with the overall design planning.

The efforts are quite commendable and work is satisfactory. Wish him good-luck for his future endeavours as a designer & architect.

with regards,  
Roopa Mukherjee
