To whom it may concern

It is my pleasure to write in support of Basudev Kujur who worked from March 2017 to June 2019 in my company, Variant Design Technologies, Kolkata, India in design and drawing team as Civil Design Engineer

Basudev is motivated, determined and diligent individual with sound knowledge in AutoCAD Drawing and Design. He successfully used his technical knowledge and design skill, specially AutoCAD (2D & 3D) in the work of our design and drawing team. I have seen Basudev to be good learner and quick in suggesting solutions. In addition, his cooperative attitude and sense of humor were joy to his team members.

I wish his success in life.

Best Regards
