

The drawing set includes the following components:

- SECTIONAL ELEVATION:** A vertical elevation showing the building's profile and structural details.
- ELEVATION PLAN 1:** A horizontal elevation showing the building's facade with window and door placements.
- ELEVATION PLAN 2:** Another horizontal elevation showing a different facade of the building.
- SECTION A-A:** A cross-section showing the internal structural frame, including columns and beams.
- SECTION B-B:** Another cross-section showing a different part of the building's structure.
- FLOOR PLANS:** Multiple horizontal sections showing the layout of rooms, corridors, and stairs on different levels.
- MECHANICAL AND ELECTRICAL (M&E) PLAN:** A detailed plan showing the placement of ductwork, pipes, and electrical conduits.
- LOCATION PLAN:** A small map showing the building's location within a larger site context.
- DETAILS:** Several enlarged views of specific architectural elements like door thresholds, window frames, and wall junctions.
