

The architectural drawing includes the following components:

- Top Row:** Three elevation views. From left to right: a front elevation showing a three-story facade with windows and a central entrance; a cross elevation showing the side profile of the building; and two cross-sections (CROSS SECTION 1-1 and CROSS SECTION 2-2) showing the internal structural frame and floor levels.
- Middle Row:** Four floor plans labeled FLOOR 1, FLOOR 2, FLOOR 3, and FLOOR 4, showing the layout of rooms, corridors, and structural columns.
- Bottom Left:** A site plan showing the building's footprint on a plot with dimensions and orientation.
- Bottom Center:** Two detailed mechanical drawings, likely showing a staircase and a structural joint.
- Bottom Right:** A table titled "BUILDING RESIDENTIAL" with columns for room names, areas, and other specifications.
- Right Side:** A vertical table with multiple rows and columns, likely a project information table or schedule.
- North Arrow:** Located in the upper right quadrant of the drawing area.
